

Hospitalists and ER Physician Opportunities at the Uxbridge site - Markham Stouffville Hospital Corporation

Discover the rewards of an innovative, diverse and welcoming workplace. With two-sites – Markham and Uxbridge – located close to Toronto, Markham Stouffville Hospital Corporation is a place where every contribution marks advancements towards creating a centre of progressive community care.

We are seeking dedicated hospitalists to join our established Medical Department at the Uxbridge site. Our service-oriented team provides high quality primary care to medical, Alternative Level of Care (ALC) and Palliative inpatients, consultative support to Emergency Room (ER) and outpatient services.

Positions available:

1. Two regular part-time hospitalists to share a full-time /7 days /week rotation - starting May 1, 2010
2. Regular full-time and part-time ER Physicians
3. Locum ER Physician for the summer

We require the following:

- Current College of Physicians and Surgeons of Ontario license in good standing
- Family physician or specialist, ACLS certification
- Interest and expertise in the care of ER and adult general medical, ALC and Palliative inpatients

Embrace the Spirit of the Community...

Nestled in the rolling hills approximately 40 km Northeast of Toronto, the Township of Uxbridge is a thriving region of more than 19,000 residents. Uxbridge is a family oriented town with rich and varied cultural community, affordable housing, high quality education, unique and traditional shopping venues and many beautiful parks. Recreation opportunities abound – strap on a Nordic or Alpine skis, load up a pack and take a hike, play golf on a first class course, or try out the local recreation centre for swimming, tennis and ice skating.

If you are a physician, who loves to manage a wide variety of medical and/or emergency room patients, have excellent interpersonal and communication skills, and are truly excited about working as part of a dynamic rural team, we want to hear from you!

Resumes may be sent to the hospital via email, fax or mail.
